We've been saying, over and over again, that there was more to it than just the "Occupation of Middle-East" by the Evil Zionists and Crusaders. Well, what do you know?

When students [protesting Hugo Chavez's plan](#) to make himself into a dictator for life protested in Caracas chanting "Freedom", *the riot police that smashed through their ranks were under the supervision of Deputy Justice Minister Tarik or Tareck El-Aissami.*

In his early thirties [Tarik El-Assimi](#) is one of the younger men to have held such a post. *His father Carlos el-Aissami headed the Venezuelan branch of the Baath Party, while his great-uncle Shibli el-Aissami was a close Saddam ally and served as assistant to the Secretary General of the Baath Party.*

Before the invasion of Iraq, Carlos El-Aissami held a press conference in which he described himself as a Taliban and called Osama Bin Laden, "the great Mujahdeen, Sheik Osama bin Laden". The son, Tareck el-Aissimi who headed up Venezuela's visa department and now serves as deputy justice minister, began as student union leader supervising drug dealing and a car theft ring, while intimidating his rivals. He maintained links to terrorist organizations. With the rise of Chavez, Tariq El-Aissimi's rise began as well. *[emphasis mine]*

[More on the arabo-muslim colonization of South America](#) , and so much for the idiots and the deceivers who keep downplaying the nature of [this conflict as a WorldWar](#) , and reducing it to a police operation against a (most likely dead) bearded Saudi millionaire in a cave.
